Once upon a time in the kitty kingdom ... Mia and Chloe were looking in the closet to try to find something cool. "Mia!" Chloe yelled. Come look at this! Mia ran over. "What is it?" she asked. Chloe said, "It was pink then purple and then blue!"

Then Chloe saw a button. Chloe! Mia warned. Chloe didn't listen. She pressed the button. A man and a woman came on a screen. It was Queen Cookies and King Oreo! Wow Mia and Chloe said. Then the Queen and King started talking and this is what they said, "We think you have our kitten. Find a crown in the mystical forest and if it glows she's ours bye!"

Mia and Chloe stared at each other. Finally Mia said, "We'll go in the morning." 'The next day they set off. Mia had just remembered that you have to go through the dark forest to get to mystical forest.

So they walked into the dark forest and over a bridge and saw an adorable merkitty. Mia and Chloe ask what was her name? The merkitty said, "Izzy". So, Izzy asked "what are you doing in the dark forest? So Mia and Chloe told her the whole story.

Izzy asked if she could come with them and said "I Know the way!" So they let her come with them. Then Mia said, "Wait, how are you going to come with us?" Yeah, you have no legs! Chloe said."Watch this,"she said. Then they heard a POOF! Then Izzy had legs!

So they finally got to the mystical forest. Wow Mia said it's awfully beautiful. Then they saw the most fancy, glittery, sharpest, shiniest, sparkling crown you'd ever seen! They gently put it on Mia's head and it glowed!

They ran all the way home to kitty kingdom and ran into the castle. Queen Cookies and King Oreo ran over and they hugged her. "Hey!" Chloe and Izzy said "Can we hug too?" Queen Cookies said, So they all hugged and lived happily ever after.
