

# The purple Animals

written and illustrated by

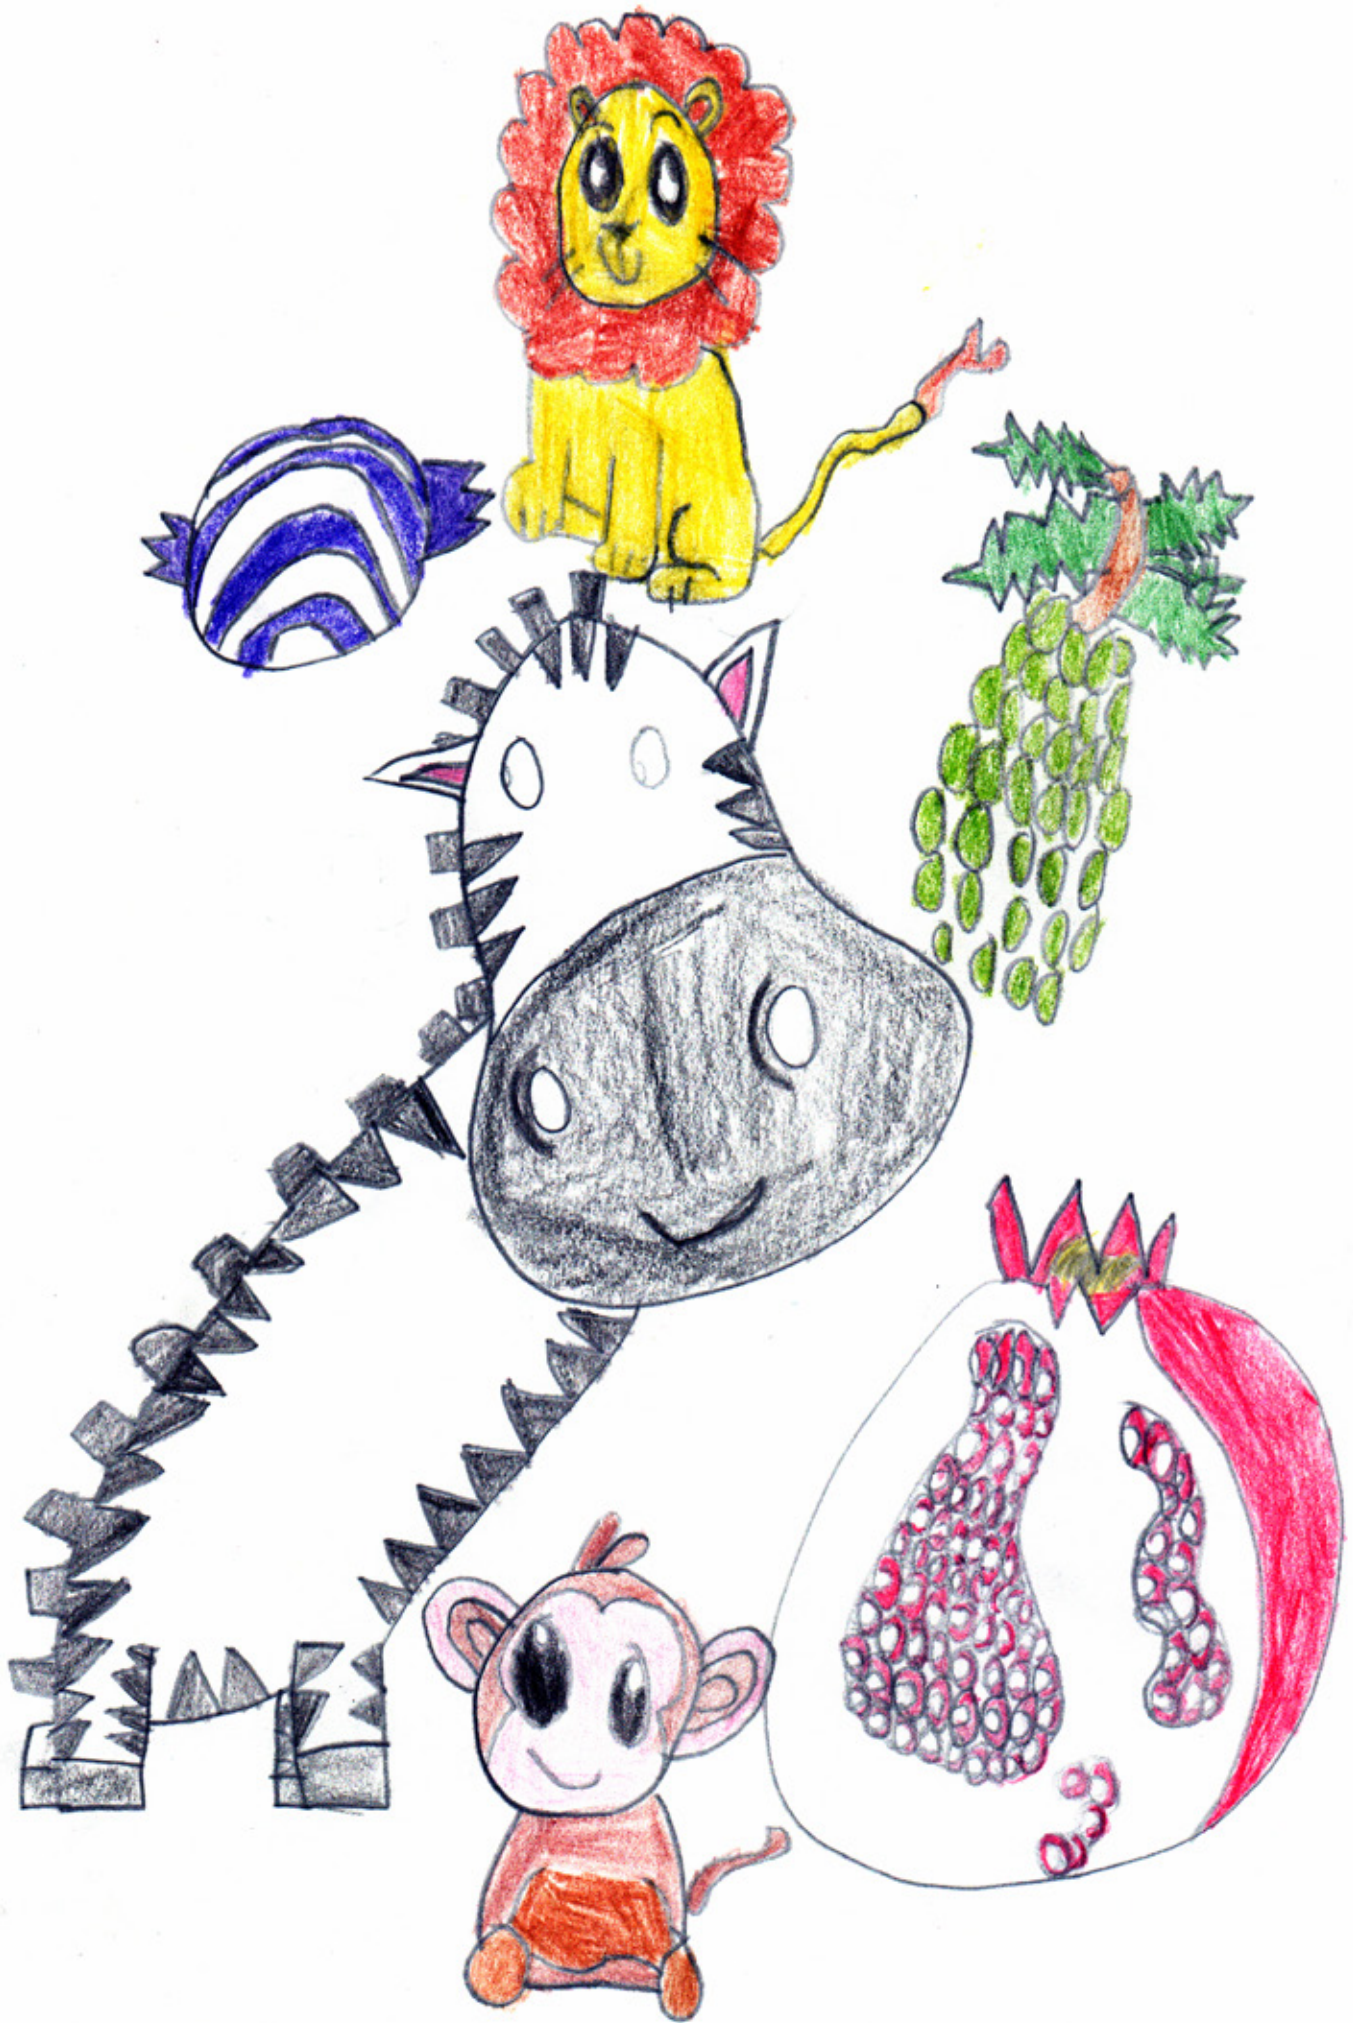

Brynn Giannetti

Dedicated

to

my sweet mom

The Zebras, lions, and  
Monkeys at the Zoo  
loved to eat grapes,  
purple candy, and pomegranates!  
Even though the Zoo  
workers tried to get  
them to eat other  
things, that's all the  
animals wanted to eat!

One day, the zebras, lions,  
and monkeys all turned  
purple! the zoo workers  
had an idea. they got  
out their needles. the  
animals were super scared  
of needles, but the zoo  
workers said that it's  
going to work. Then they  
injected stuff in the  
zebras, lions, and monkeys.

The zoo animals were

so upset that they ran

away. Then the zoo

workers went out looking

for them. it got dark.

Very dark! they heard a

noise. They were very

scared. They did not

want to be in the  
woods at night.

Then the zoo workers  
found the animals. The  
animals agreed to go  
back to their home  
because they were  
scared. very scared!

They went home very  
quickly. The zoo would  
be opening soon, so the  
animals fell fast asleep.

When it was morning,

the zebras, lions, and

monkeys woke up and

saw that they were

all turned back to

normal! They decided to

eat green and healthy so

they wouldn't turn purple

again!

# Meet the Author

Brynn Giannetti is a 1<sup>st</sup> grade student at Osborne Elementary. This 6-year-old student lives in Osborne, Kansas.

Besides writing and illustrating books, Brynn enjoys playing outside. When she grows up, Brynn would like to be a nurse.

Ms. Giannetti's The Purple Animals is her first go at being an author. Her favorite part of making this book was "coloring it and drawing." The young author and illustrator has been to the zoo on more than one occasion, but has never seen any purple animals while there!
