

The Tigers and Bears Escape

by: Kinsley Wagner

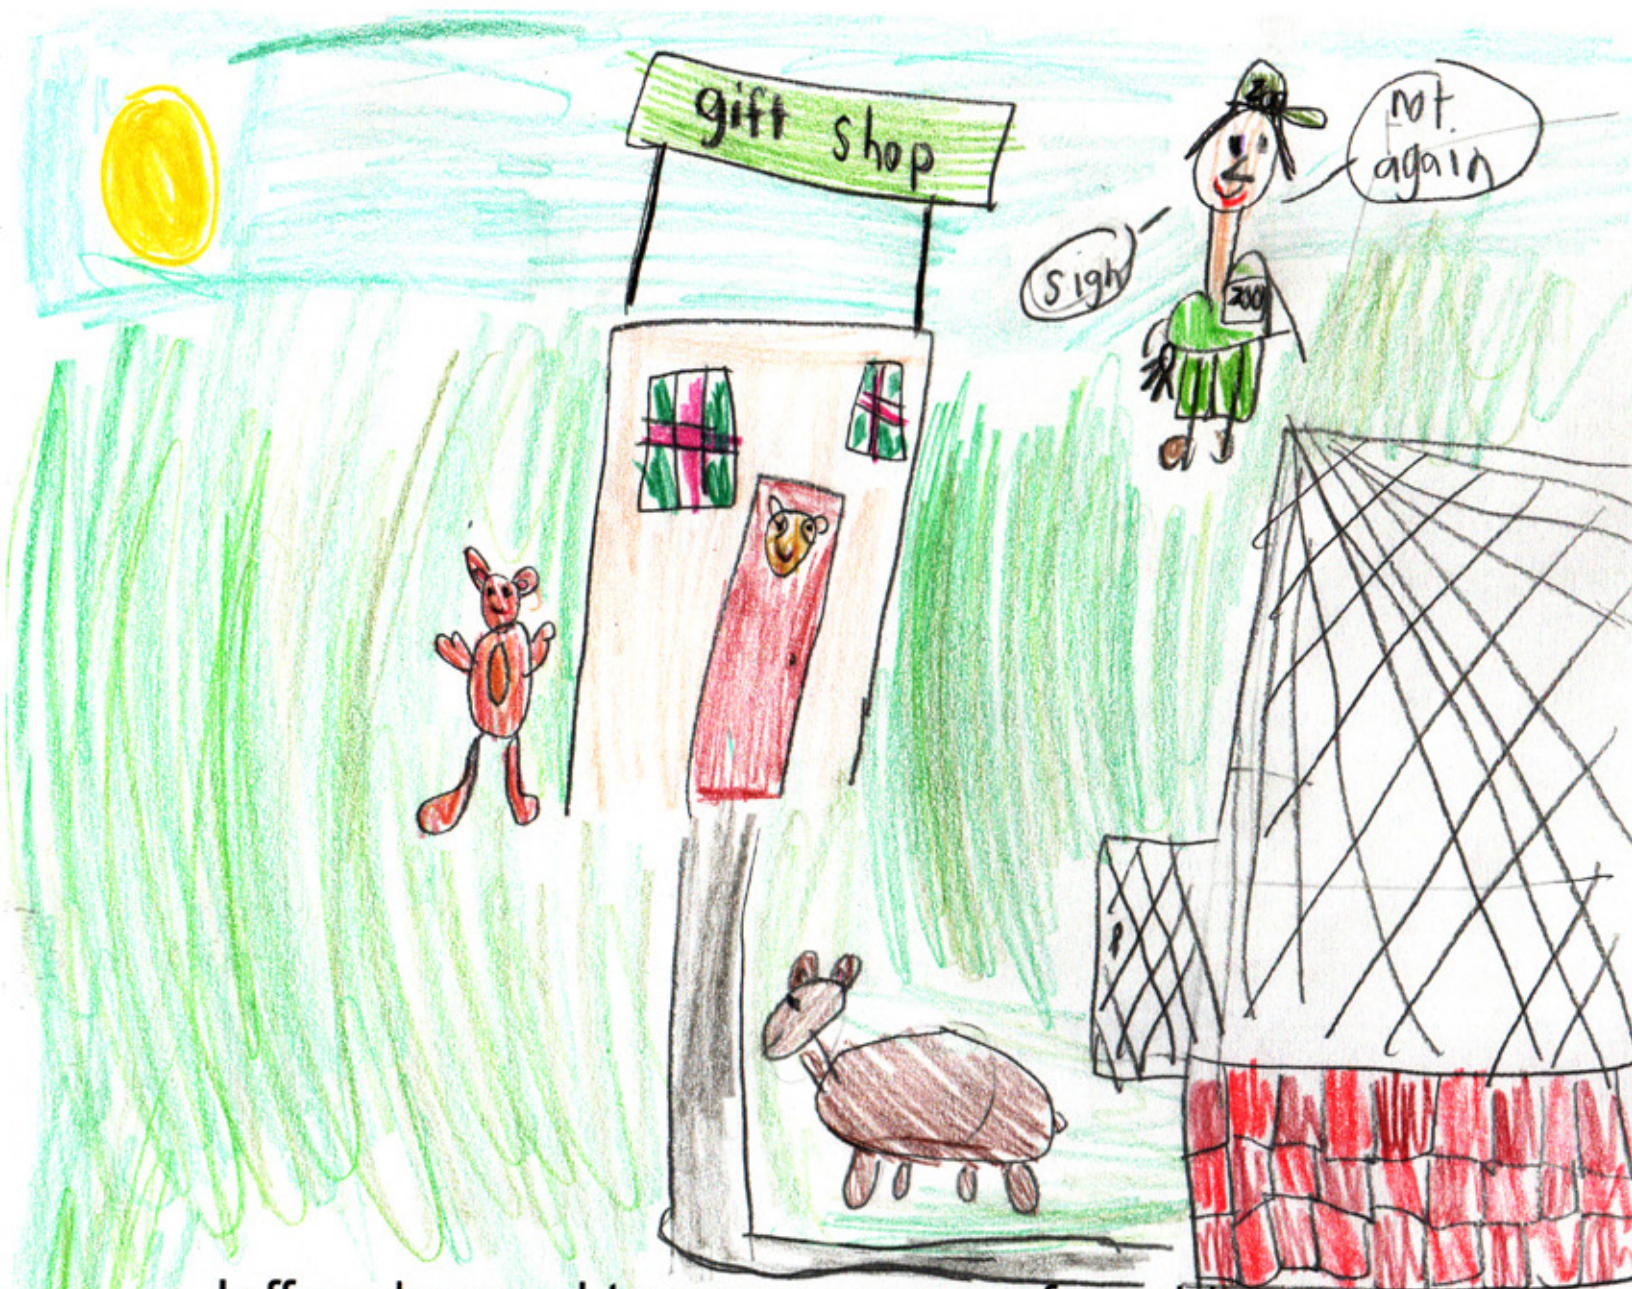

One spring day, a zookeeper named Matt was at the ZOO of AMAZING ANIMALS! Matt the zookeeper was at Jeffrey's cage. Jeffrey is a bengal tiger. Matt left and forgot to latch the cage!

He walked a little ways. Then he heard a big SLAM! He urgently looked back and saw the tiger's cage open! Oh no!

Matt raced to catch Jeffrey the tiger. "How are you already at the gift shop?" he said out of breath. Then Jeffrey runs past the lion, then the bears, then the turtles. Now he is in a corner. Finally, Matt catches up to Jeffrey and snatches him with a net and safely returns him to his cage.

Jeffrey learned to never escape from his cage again. But while Matt the zookeeper was running past the bear, he accidentally opened his cage. Then there was a big CLANK! "Not again!" said Matt. Then he darted off to the bear. The bear runs into the gift shop. Matt runs and tries to catch the bear so he doesn't destroy the gift shop.

The bear runs through the stuffed animals, souvenirs, and goes into the camera room. Then, a lady named Alea came and helped Matt the zookeeper catch the bear. Matt returns him to his cage. Everyone learns to never escape or leave the cage doors open!
