Marshmallow Stacking

Stack large marshmallows to see how high you can make a marshmallow tower.

Use the following process to help your child with the activity.

1. **Plan:**
   • What is the plan? The plan is to build a marshmallow tower as high as you can.

2. **Predict:**
   • How many marshmallows high do you think you can make your tower?

3. **Test:**
   • Use the large marshmallows to stack them as high as you can. How many marshmallows high was your tower?

4. **Improve:**
   • What do you think you could do different to make your tower taller?
