**Monday, September 1 @ 7PM**

Make a trip back to the English seaside and revisit the romance, intrigue, drama, scandal and adventure of this fan-favorite MASTERPIECE series based on Jane Austen's unfinished novel. Cast and creators provide behind-the-scenes insights into what makes Sanditon so unforgettable and take a tour of the charming sets created for the fictional seaside town.

**Fridays @ 8PM**

**Starting September 5**

*Prohibition* is a three-part, five-and-a-half-hour documentary film series directed by Ken Burns and Lynn Novick that tells the story of the rise, rule, and fall of the Eighteenth Amendment to the U.S. Constitution and the entire era it encompassed.

Prohibition was intended to improve, even to ennoble, the lives of all Americans, to protect individuals, families, and society at large from the devastating effects of alcohol abuse. But the enshrining of a faith-driven moral code in the Constitution paradoxically caused millions of Americans to rethink their definition of morality.

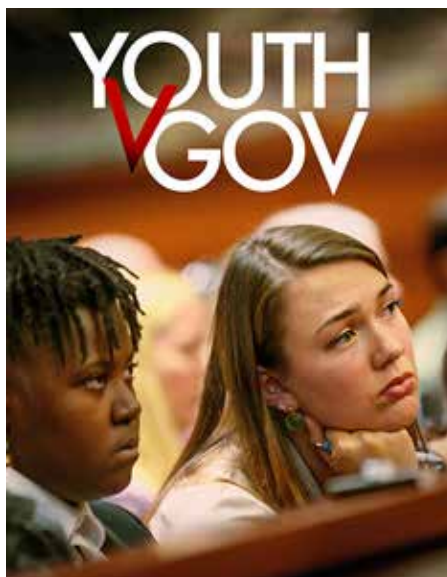

**Fridays @ 11PM**  
**Starting September 5**

A four-part documentary series tracing the veteran experience across the arc of American history and exploring the present-day divide between civilian and veteran communities. From the citizen-soldiers returning from the Revolution to today's warrior class, it is a deeply moving story, illuminating the veteran experience and drawing civilian viewers into an unfamiliar culture.

**Tuesdays, September 9 & 16 @ 7PM**

Polio at age 39, president at age 50. Explore the public and private life of a determined man who steered this country through two monumental crises: the Depression and World War II. FDR served as president longer than any other, and his legacy still shapes our understanding of the role of government and the presidency.

**Tuesday, September 16 @ 10PM**

Since 2015, 21 plaintiffs, now ages 13 to 24, have been suing the U.S. government for violating their constitutional rights to life, liberty, personal safety, and property through their willful actions in creating the climate crisis.

**Friday, September 26 @ 8 & 11PM**

The evening includes performances and appearances by some of the country's most celebrated Hispanic artists and visionaries. This historic program, created by the White House to commemorate the establishment of Hispanic Heritage Month in America, is among the highest honors by Latinos for Latinos and supported by 40 national Hispanic-serving institutions.

## Rick Steves Marathon Friday, September 26 @ 8PM

See page 8 for additional air dates and times.

### 8PM Stone Age to Ancient Greece

As the Ice Age glaciers melted, European civilization was born—and with it, so was art.

### 9PM Ancient Rome

The Romans gave Europe its first taste of a common culture—and awe-inspiring art.

### 10PM Middle Ages

After Rome fell, Europe spent a thousand years in its Middle Ages. Its art shows how the light of civilization flickered in monasteries and on Europe's fringes.

### 11PM Renaissance

Around 1400, Europe rediscovered the aesthetics of ancient Greece and Rome. This rebirth of classical culture showed itself in the statues, paintings, and architecture of Florence, then spread to Spain, Holland, Germany, and beyond.
