"Danley" often receives celebrity treatment in Polson and surrounding areas, routinely approached by students, parents, and colleagues when he's out in public. His students love his engaging, conversational teaching style, which is sprinkled with humor and a genuine interest in them. Danley is also a beloved Polson Pirates assistant football coach and driver's ed instructor. His players thrive under his genuine care, guidance, and participation in practices and games, and his driver's ed students are put at ease by his sense of humor and easy-going manner. What makes a teacher "Best in Class" to his students, colleagues, and the greater community? This multi-award-winning documentary film features interviews with students, players, alumni, teachers, and family members, which renders a heartfelt composite sketch of Pat Danley.

AMERICAN MASTERS
Janis Ian

The Story Beyond the Music

American Masters

Explore the lives and creative journeys of America's most enduring artistic and cultural giants. With insight and originality, the series illuminates the extraordinary mosaic of our nation's landscape, heritage and traditions.

Janis Ian: Breaking Silence

FRIDAY 6/12 8PM

During the 1960s, as a teenager, acclaimed American singer-songwriter Janis Ian used to jam with Jimi Hendrix in Greenwich Village bars and partied with Janis Joplin, who jokingly called herself "the other Janis." During the 70s, Janis befriended Bruce Springsteen as they simultaneously recorded albums at the same studio. In the 80s, she played duets with Dolly Parton and Willie Nelson in Nashville.

She lived the adventurous life of a rock star. At the same time, she contributed hit songs to the American pop canon that addressed severe social problems, winning the Grammy Award for Best Female Pop Vocal Performance. She encountered her share of setbacks and stress: there have been times when she's been dropped by her record label, struggled to land gigs, and lived on a fast-food diet.

JANIS IAN: BREAKING SILENCE chronicles the singer's epic life journey beginning with her Jewish childhood on a chicken farm in New Jersey; her youthful struggle with notoriety following her hit "Society's Child" (about an interracial love); her ascent to fame with the single "At Seventeen" (about body shaming); and her release of the disruptive album Breaking Silence which she leveraged to come out publicly about her loving relationship with her wife Pat Snyder.

Erno "Zvi" Spiegel.

A Never-Before-Told story

The Last Twins

MONDAY 6/15 9PM Also 6/17 1am

The Last Twins is the never-before-told story of an unsung hero of the Holocaust, Erno "Zvi" Spiegel, who risked everything to save dozens of young twins from almost certain death at Auschwitz. Under the shadow of Dr. Josef Mengele's horrific experiments, Erno used his courage, compassion, and ingenuity to shield the most vulnerable—the sets of twins targeted for brutal medical experimentation. Mengele put Erno in charge of the young boys, but Erno used his position to protect and comfort the children, all of whom had been torn from their families and subjected to inhumane tests under the constant threat of extermination.

Through first-hand testimony and exclusive archival material, *The Last Twins* brings to life the voices of those who survived because of Erno's defiance. It is a testament to resilience, sacrifice, and the power of one person to make a difference.

The documentary is directed and produced by Emmy Award-winning directors Perri Peltz and Matthew O'Neill and is narrated by Tony Award-winning actor Liev Schreiber.

George H.W. Bush

PART 1: FRIDAY 6/19 8PM

PART 2: FRIDAY 6/26 8PM

When George. H.W. Bush left the Oval Office in 1992, rejected after one tumultuous presidential term, his 30-year career in public service came to an abrupt and unexpected end. Despite soaring approval ratings following military victory in the Persian Gulf, his years as president after the war were marked by almost unrelieved decline. A sluggish economy and an earlier decision to raise taxes, despite an explicit campaign oath, led to his defeat. By the end of his term many observers dismissed him as an artifact of an irrelevant Cold War past.

George H.W. Bush presents the first in-depth assessment of the 41st president of the United States, drawing upon unparalleled access to figures in Bush's private and public life, to reveal Bush as a pivotal player during a critical moment in American and world history and in a powerful political dynasty. Bush's personal letters, and interviews with his closest advisors and prominent critics inform the film, including First Lady Barbara Bush, Condoleezza Rice, Colin Powell, Mikhail Gorbachev, and more.

IS MY GUIDE MISSING PAGES?

Good eye! **Yes, we have reduced the guide from 32 to 24 pages and removed the A-Z listings.** We made this change for a few key reasons:

Cost: Monthly costs to design, print and mail the Program Guide are increasing. Fewer pages will help MTPBS manage this expense.

Time: Shifting limited staff time and station resources away from the monthly editing and proofing of the program guide will allow Montana PBS to focus on essential daily broadcast operations as well as local programs and educational content for our viewers.

Program Listings Redesign Coming Soon: Later this year, we'll introduce a redesign of the primary guide listings (pages 7-20) with a sharper look and a more readable primetime schedule.

We understand that some members may be disappointed by these changes. We gave this decision careful consideration and believe it will ultimately help us serve Montanans more effectively with the resources we have available.

A searchable Montana PBS program schedule, covering all five broadcast channels, is always available on our website at <https://www.montanapbs.org/schedule>

Thank you for your understanding.

Assembly follows internationally acclaimed artist Rashaad Newsome as he embarks on his most ambitious project yet — a multimedia exhibition and performance at New York's historic Park Avenue Armory. Once a bastion of white military power, the Armory is transformed into a vibrant celebration of Black and queer culture through video projections, holograms, sculptures, collages, music, dance, and African fractal patterns. This reimagining challenges colonial power structures while honoring the complexity and resilience of Black experience.
