Julia Alvarez: A Life Reimagined This film is a documentary about the life and work of Julia Alvarez, one of America's most celebrated Latina writers. Called "a writer of gigantic storytelling talent, and exquisitely composed prose," Alvarez has helped blaze the trail for generations of Latina/o authors helping transform American culture and literature. Now 72 years old, she feels that time is running out to tell all of the stories still within her. The film will explore her childhood in the Dominican Republic, her complex family dynamics, the lifelong impact of their escape from the dictatorship, her feelings of displacement, hybridity and loss - and how she transforms all of this, in a nuanced, complex writing voice - into poetry, essays and novels.
